

ST85 LANCE 1000MM SS X 1/4" F

PRODUCT DESCRIPTION

This is our ST85 push and pull lance designed and developed in Germany by R+M Suttner. The lance can be manipulated by pushing and pulling its shaft to adjust the direction of the water jet. This is a great lance for lorry washing, tractor washing or washing cars. It can be adjusted to get into all the areas that are difficult to access with a standard lance. Take a look at our Youtube video's to see just what this lance can do.
